- GAF-Elk shingles (Factory-Certified Master-Elite™ Roofing Contractor)
- Asphalt shingles (30-year to lifetime warranty)
- Metal roofs
- Shakes
- Flat roofs
- Single-ply membrane
- Complete tear off & re-roof

Testimonials

“Diamond Peak Roofing recently roofed our home and the whole process exceeded our expectations. Our job was evaluated for an estimate and the price was more than fair. The whole crew was professional, polite, and informative. The job was done efficiently and used high quality materials.”

“Jaramie communicated with us on a regular basis. The job site was spotlessly cleaned daily by the crew. The final results were impressive and the job was finished on time. Our impression of Diamond Peak Roofing is that they care about our home and their reputation. The quality of work done was impeccable and done with integrity. We highly recommend Diamond Peak Roofing for anyone’s roofing needs.” —**Scott & Angie Homer**

“I want to thank Diamond Peak Roofing for the professional manner in which they handled the re-roofing of my home. The job was completed on time and within the estimate given by their professionals. All portions of the job were done on schedule and all went smoothly.”

“Clean up was prompt and all my concerns were addressed as the job progressed. I would recommend that anyone considering re-shingling or installing a roof give Diamond Peak a call, and, at the very least, get an estimate. You will not be disappointed.” —**Mike Pentecost**

Residential

Commercial

Licensed roofing contractor in Idaho, Montana, Utah, & Wyoming.

At Diamond Peak Roofing we believe that being a roofing contractor requires three important aspects:

Attention to Detail

Every detail shows our dedication to providing our customers with the very best.

Honesty

We feel it is absolutely necessary that we always communicate the issues and be upfront and honest in our dealings.

Communication

Communication throughout the entire process allows us to provide the absolute best in service. We follow up with clients afterward to ensure that every detail has been completed to the homeowner's satisfaction.

Factory-Certified Master-Elite™ Roofing Contractor
